

## OneDesing Optimist Tuning Guide

- Thanks for purchasing our product!
- This tuning guide is intended to be used as reference during first set up with OneSails Optimist sails.
- Sailors are encouraged to try different settings in order to find that extra speed we are all looking for.

WIND	RETAKE	LUFF STRAPED	VANG	OUT HAUL	CUNNINGHAM
<b>LIGHT</b>	279-280 cm	5,4,3,2,2,3,4,5	Not in tension upwind	Sail need to have waves on the boom	Boom up 1-2 circles, sail with some light stripes on the luff
<b>MEDIUM</b>	279-280 cm	2,2,2,2,2,2,2,2	Light tension	Sail need to have waves on the boom	Boom up 1-2 circles, sail with some light stripes on the luff
<b>STRONG</b>	277-278 cm	0,1,2,3,3,2,1,0	In tension	Pulled and scraped on the clew 0 mm	In tension, in case of problem slightly open the sprit
